

# Fundamentals of Border Management

Visit [www.uh.edu/bti/education](http://www.uh.edu/bti/education) for course listings

This course introduces participants to the history, purpose, and benefits of borders and boundaries, while various case studies demonstrate the sovereignty of nations, trade agreements, and the geopolitical and socioeconomic implications.

The roles of borders change over time, depending on the challenges and opportunities each nation faces. This course discusses the management of borders following the nation-specific challenges and opportunities presented at various historical times and the government measures in monitoring and controlling the inbound and outbound flows of passengers and cargo.
