Homeland Security Symposium Series

Victor M. Manjarrez, Jr. – The University of Texas at El Paso

Problem Statement
The project assists in both maturing and strengthening the homeland security enterprise as a key component to DHS workforce development.

Project Beneficiaries and End Users
- ICE HIS Special Agents & Intelligence Analysts
- CBP OFO & Border Patrol Agent 1st and 2nd level supervisors

GAINS Desired
Disseminate to HSE practitioners research findings, data, and results from relevant research

PAINS at Present
Gap between relevant research and HSE practitioners
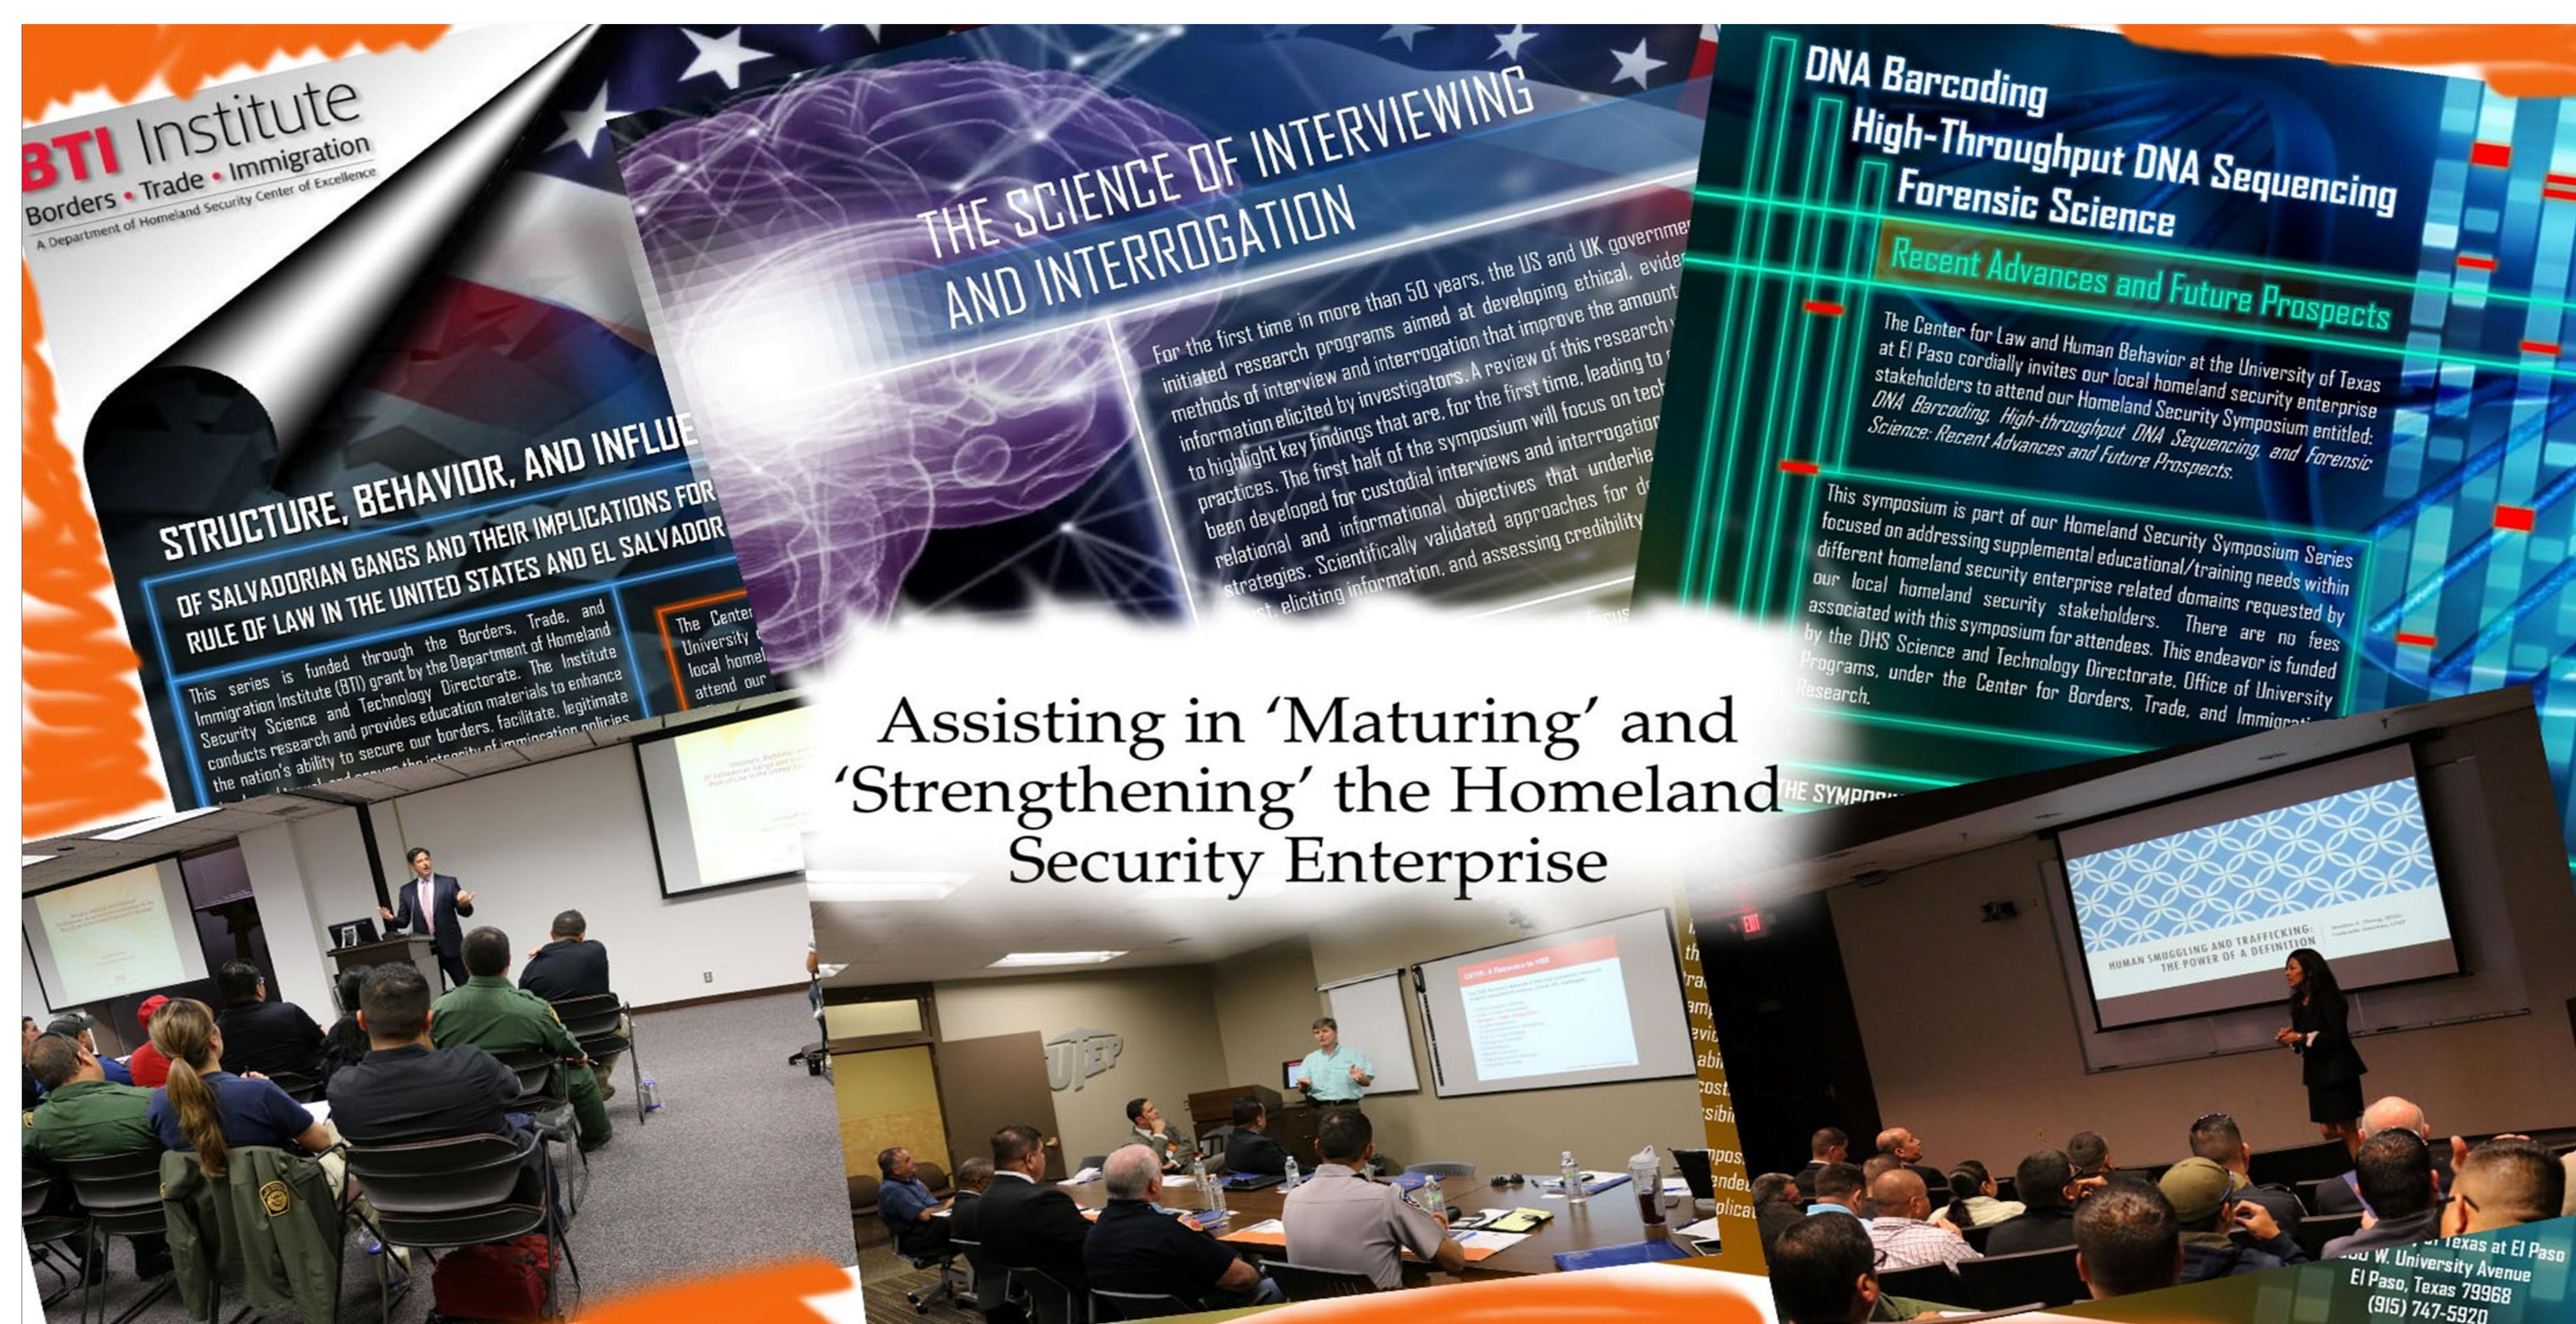

Project Products & Services
- Delivered ten (10) symposia
    - Live webcast & YouTube
- Exit Surveys
- Research in Briefs
- After Action Reports

GAINS Created
Increased relevancy and interest in the topics

PAINS Alleviated
- Increased learning by 24%
- Satisfaction with symposia content (90%) & relevancy (77%)
- 88% of participants state their knowledge of the topic increased

Key Accomplishments:

- Ten symposia held
    - 753 in-person attendees
    - 557 views on our live webcast
    - Over 3,500 views on our website and YouTube channel

Next Steps:

Identify future symposia needs for an ever changing workforce:
- Primary stakeholder engagement
- Homeland Security Symposium Series Advisory Board
- Exit Surveys
